

Oracle Fusion ERP implementation for a leading auto supplier

Challenge:

- *Lack of process efficiency and timely analytics, affecting financial performance*
- *Credit card receipts created in EBS via a feed from First Data software with manually matching*
- *No direct bank integration*
- *PO updates were executed in Part Plus and then integrated with EBS*

Solution:

- *Implementation of Oracle Fusion ERP Cloud applications: Oracle Fusion Financials Cloud, Oracle Self Service Procurement Cloud, etc.*
- *Integration with SAP Concur, Banks/Lock Box, ADP Payroll, Parts Plus & Agility Applications, and Bill Portals.*

Results:

- *Implement the application in line with the existing setup and migrate the data for a period of 24 months*
- *Streamline distribution network to better deliver same-day and overnight auto glass deliveries*

About the Customer

PGW Auto Glass is the leading supplier of auto glass and shop accessories, with 500+ employees and over 120 distribution branches throughout the US and Canada. The client's distribution network also provides small orders, same-day and/or overnight auto glass deliveries to more than 27,000 customers. As part of the divestiture process, PGW Auto was spun off from its parent company to become an independent organization.

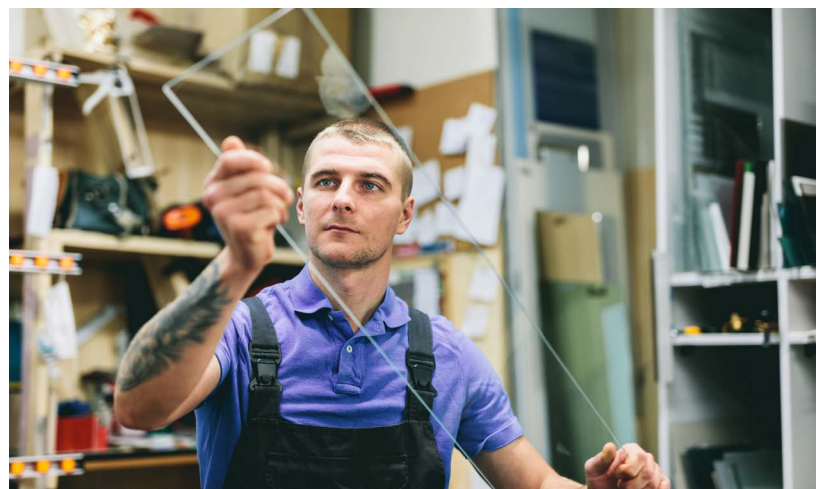

The Need

The lack of process efficiency and timely analytics led to day-to-day disruptions – thereby affecting financial performance. For instance, the credit card receipts were created in EBS via a feed from First Data software while manually matching these receipts – with no direct bank integration. Also, the PO updates were executed in Part Plus and then integrated with EBS – and the release PO was also done in the EBS.

Aspire's Solution

As an Oracle Platinum partner, **Aspire leveraged its experience to implement Oracle Fusion ERP Cloud applications**, such as Oracle Fusion Financials Cloud, Oracle Self Service Procurement Cloud, Oracle Purchasing Cloud, and Oracle Inventory Cloud. Our Oracle Integration Cloud Service expertise went a long way to help integrate with SAP Concur, Banks/Lock Box, ADP Payroll, Parts Plus & Agility Applications, and Bill Portals.

Benefits

The client saw the application implemented in line with the existing setup, and the data migrated for a period of **24 months**. With more operational efficiency, **PGW Auto Glass** was able to further streamline its distribution network to better deliver same-day and overnight auto glass deliveries. They also now have a separate ERP application program that helps support their requirements while operating freely and without restrictions. The client also achieved more clarity and visibility for their ongoing businesses.

Aspire Systems is a global technology services firm serving as a trusted technology partner for our customers. We work with some of the world's most innovative enterprises and independent software vendors, helping them leverage technology and outsourcing in our specific areas of expertise. Our core philosophy of "Attention. Always." communicates our belief in lavishing care and attention on our customer and employees.
